Save up to \$100 per year.

If you have an older refrigerator, it likely uses more electricity than any other appliance in your home. If your refrigerator was manufactured more than 10 years ago, it could use twice as much energy as a new ENERGY STAR qualified model. ENERGY STAR qualified refrigerators can save \$100 per year, depending on the model being replaced.

Get cash back from us.

With a new ENERGY STAR qualified refrigerator, you can start saving right away. Get \$250 back from the City of North Little Rock on your purchase of an eligible ENERGY STAR qualified refrigerator. This rebate is good for purchases made after November 23, 2009.

TERMS AND CONDITIONS

- Purchase a new Energy Star refrigerator on or after November 23, 2009. Look for the Energy Star logo on the refrigerator. ENERGY STAR qualified refrigerators are required by the U.S. Department of Energy to use 20 percent less energy than models not labeled with the ENERGY STAR logo.
- Applicant must be a North Little Rock resident or business. The refrigerator is to be installed at applicant's North Little Rock address.
- Applicant is limited to one (1) refrigerator rebate per installation address. The new refrigerator must be the applicant's primary use refrigerator.
- Applicant is limited to a maximum of \$500 per year for any/all EECEBG rebates from the City of North Little Rock.
- Allow at least six (6) weeks for delivery of the City of North Little Rock refrigerator rebate check. If it is not received after six weeks, please call the Energy Hotline at **(501) 975-8737** during business hours.
- The City of North Little Rock reserves the right to verify the refrigerator at the applicant's site complies with program requirements. Disparities may result in the rebate being denied.
- The Efficiency Pays! Refrigerator Rebate Program may be cancelled at any time and is subject to the availability of funds.
- The existing refrigerator must either be removed for recycling by the retailer or taken by the applicant to a recycling center. The recycling confirmation form must be completed by either the retailer or the recycling center (form below) as part of the application.
- The Energy Star refrigerator must be over 18.2 cubic feet and comparable in size to the recycled existing unit.
- Applicant must sign and date the refrigerator rebate form. The applicant's signature indicates all information supplied is true and correct, and the applicant has read and accepted the terms of participating in the City of North Little Rock Efficiency Pays! Refrigerator Rebate program.
- Enclose a copy of your dated sales receipt that shows brand name and model number.
